

# 1,001 Best Grilling Recipes: Delicious, Easy-to-Make Recipes from Around the World

1,001 Best Grilling Recipes is the definitive book on grilling everything from appetizers to desserts. This second edition of the popular cookbook is enlarged and beautifully repackaged, giving Grilling a sleek new design and a broader width that allows the book to stay open to your chosen page for maximum convenience. Author Rick Browne is known as one of the country's foremost authorities on grilling. The creator and host of the PBS TV series *Barbecue America*, Browne is also the author of twelve cookbooks, most of which deal with barbecue and grilling. In this volume, he has created an encyclopedic collection of recipes drawn from cuisines around the world, with a particular focus on North American and Asian traditions. Browne begins with a brief primer on basic grilling techniques, but the real substance of this book is the dazzling array of recipes. You'll find dishes everyone can enjoy, including standard grill fare like beef and chicken as well as the more unusual shellfish and wild game. There are plenty of vegetarian options too, and a section for sauces, marinades, and rubs. Never before have this many great grilling recipes been collected into one tome. If you love to grill or know someone else who does, this is a must-have resource. It's the only grilling recipe book you'll ever need.

## Hansen Family Farm Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
