

The American Idea: The Best of the Atlantic Monthly

What is the American idea? It is the fractious, maddening approach to the conduct of human affairs that values equality despite its elusiveness, that values democracy despite its debasement, that values pluralism despite its messiness, that values the institutions of civic culture despite their flaws, and that values public life as something higher and greater than the sum of all our private lives. The founders of the magazine valued these things and they valued the immense amount of effort it takes to preserve them from generation to generation.--The Editors of The Atlantic Monthly, 2006

This landmark collection of writings by the illustrious contributors of The Atlantic Monthly is a one-of-a-kind education in the history of American ideas. The Atlantic Monthly was founded in 1857 by a remarkable group that included some of the towering figures of nineteenth-century intellectual life: Ralph Waldo Emerson, Oliver Wendell Holmes, Henry Wadsworth Longfellow, and James Russell Lowell. For 150 years, the magazine has continued to honor its distinguished pedigree by publishing many of America's most prominent political commentators, journalists, historians, humorists, storytellers, and poets. Throughout the magazine's history, Atlantic contributors have unflinchingly confronted the fundamental subjects of the American experience: war and peace, science and religion, the conundrum of race, the role of women, the plight of the cities, the struggle to preserve the environment, the strengths and failings of our politics, and, especially, America's proper place in the world. This extraordinary anthology brings together many of the magazine's most acclaimed and influential articles. Broken Windows, by James Q. Wilson and George L. Kelling, took on the problem of inner-city crime and gave birth to a new way of thinking about law enforcement. The Roots of

Muslim Rage, by Bernard Lewis, prophetically warned of the dangers posed to the West by rising Islamic extremism. Letter from Birmingham Jail, by Martin Luther King, Jr., became one of the twentieth century's most famous reflections upon and calls for racial equality. And The Fifty-first State, by James Fallows, previewed in astonishing detail the mess in which America would find itself in Iraq full six months before the invasion. The collection also highlights some of The Atlantic's finest moments in fiction and poetry from the likes of Twain, Whitman, Frost, Hemingway, Nabokov, and Bellow affirming the central role of literature in defining and challenging American society. Rarely has an anthology so vividly captured America. Serious and comic, touching and tough, The American Idea paints a fascinating portrait of who we are, where we have come from, and where we are going.

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes

in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
