

# Back in the Fight: The Explosive Memoir of a Special Operator Who Never Gave Up

On October 3, 2005, Sergeant Joseph Kapacziewski and his soldiers in a Stryker vehicle were coming to the end of their tour in Northern Iraq when their convoy was attacked by enemy fighters. A grenade fell through the gunners hatch and exploded, shattering Kapacziewskis right leg below the knee, damaging his right hip, and severing a nerve and artery in his right arm. He endured more than forty surgeries, but his right leg still wasn't healing as he had hoped, so in March 2007, Kapacziewski chose to have it amputated with one goal in mind: to return to the line and serve alongside his fellow Rangers. One year after his surgery, Kapacziewski accomplished his goal: He was put back on the line, as a squad leader in the 3rd Ranger Battalion. On April 19, 2010, during his eighth combat deployment (and fifth after losing his leg), Kapacziewskis patrol ran into an ambush outside a village in eastern Afghanistan. After a fellow Ranger fell to withering enemy fire, shot through the belly, Sergeant Kap and another soldier dragged him seventy-five yards to safety and administered first aid that saved his life while enemy soldiers with heavy machine guns tried to kill them. His actions earned him an Army Commendation Medal with a V for Valor. He had previously been awarded a Bronze Star for Valor, and a total of three Purple Hearts for combat wounds. Kapacziewskis memoir is an inspiring and thrilling tale readers will never forget.

Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local,

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
