

Bonaventura Vulcanius, Works and Networks: Bruges 1538 - Leiden 1614 (Brills Studies in Intellectual History)

The last of the Renaissance humanists, Bonaventura Vulcanius, is still a mysterious figure, even though he left a correspondence, at least two *Alba amicorum*, and a collection of books and manuscripts. Born in Bruges in 1538, the son of a disciple of Erasmus, he spent the troubled decades of 1560 and 1570 in wanderings before his appointment in 1581 as a Professor for Greek and Latin Letters at the University of Leiden. He edited and translated many a rare text, composed dictionaries, sent laudatory poems, and compiled the first chapters of a history of Germanic languages. This volume gathers recent research on this versatile philologist, and includes the first edition of many unpublished works and documents. Contributors are Karel Bostoën, Helene Cazes, Thomas M. Conley, Harm-Jan van Dam, Hugues Daussy, Kees Dekker, Jeanine de Landtsheer, Alfons Dewitte, Toon van Hal, Chris L. Heesakkers, Wilhelmina G. Heesakkers-Kamerbeek, Jeltine Ledegang-Keegstra, G.A.C. van der Lem, Kees Meerhoff, Dirk van Miert, Kasper van Ommen, Paul J. Smith and Gilbert Tournoy.

Hansen Family Farm Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
