

Breaking Through (Seal Team Heartbreakers, Book 2)

What happens when a Navy SEAL wakes from a month-long coma to discover he's being investigated for murder? When Ensign Brett Weaver is accused of murder, he knows he's innocent, but how can he prove it with Naval Investigators breathing down his neck? A chance meeting with reporter Tess Kelly offers him an opportunity to get the press on his side. But can he trust her to keep his other secrets off the record? Tess works hard to live up to her father's expectations. When Brett offers her information about SEAL training in exchange for an introduction to her award-winning journalist father, she jumps at the chance. The situation Brett lobs into her father's lap is a major scoop. But the secret she discovers about Brett is just as newsworthy. Will her feelings for this wounded warrior win out, or will she release a story guaranteed to destroy Brett's SEAL career? When Tess's father is kidnapped, Brett's team is deployed to find him. At the same time, a leak in the investigation puts Tess and Brett's lives in danger. Will Brett be able to break through the lasting effects of his injuries and prove he's once again a battle-ready SEAL? Or will he and Tess lose everything at the whim of a vengeful killer?

Hansen Family Farm
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning

rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
