

# Iran between Islamic Nationalism and Secularism: The Constitutional Revolution of 1906 (British Institute of Persian Studies)

With the ratification of a new constitution in December 1906, Iran embarked on a great movement of systemic and institutional change which, along with the introduction of new ideas, was to be one of the most abiding legacies of the first Iranian revolution known as the Constitutional Revolution. This uprising was significant not only for introducing secular understandings of government, but also Islamic visions of what could constitute a national assembly. The events of the Constitutional Revolution in Tehran have been much discussed, but the provinces, despite their crucial role in the revolution, have received less attention. Here, Vanessa Martin seeks to redress this imbalance. She does so firstly by analyzing the role of the Islamic debate in the late nineteenth and early twentieth centuries, and its relationship with secular ideas, and secondly by examining the ramifications of this debate in the main cities of Tabriz, Shiraz, Isfahan and Bushehr. By exploring the interaction between Islam and secularism during this tumultuous time, *Iran between Islamic Nationalism and Secularism* concludes that in each province, the Constitutional Revolution took on a character of its own.

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning

rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
