

Blooms Morning: Coffee, Comforters and the Secret Meaning of Everyday Life

Coffee, comforters, king-sized beds, gel toothpaste, razors, underwear, the morning shower-all activities and objects we have tended to pay no attention to-until the publication of this book. In a series of short vignettes endearingly illustrated by the author, Arthur Asa Berger gives Americans a profound way to understand their morning rituals. Have you ever considered, for instance, that the digital clock, by producing free-floating liquid numerals disconnecting us from both time past and time future, could be interpreted as a metaphor for the alienation many people feel in contemporary society? Or consider our nightclothes: The pajama is the most immediate witness to our sexual activities; thus, we cover our pajamas with a bathrobe to guard against the anxiety of being revealed to other family members. The pajama is intricately connected to human shame. Blooms Morning, with thirty-six short chapters bracketed by brief essays on the nature of semiotic analysis, is a perfect book for the inquisitive mind. It is chock-full of valuable and quirky nuggets from this most interesting of social commentators-items that, taken together, give us a new vision through which to understand ourselves.

Hansen Family Farm
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning

rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
