

## Rorkes Drift (CASSELL MILITARY PAPERBACKS)

The story of the bravest battle ever fought. On 22nd January 1879 a force of 20,000 Zulus overwhelmed and destroyed the British invading force at Isandlwana, killing and ritually disemboweling over 1200 troops. That afternoon, the same Zulu force turned their attention on a small outpost at Rorkes Drift. The battle that ensued, one of the British Army's great epics, has since entered into legend. Throughout the night 85 men held off six full-scale Zulu attacks at the cost of only 27 casualties, forcing the Zulu army to withdraw. Eleven Victoria Crosses were awarded for bravery shown on that night, the largest number for any one engagement in history. But as Adrian Greaves' new research shows there are several things about the myth of Rorkes Drift that don't add up. While it was the scene of undoubted bravery, it was also the scene of some astonishing cases of cowardice, and there is increasing evidence to suggest that the legend of Rorkes Drift was created to divert attention from the appalling British mistakes which caused the earlier defeat at Isandlwana.

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms,

open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
