

Conquer the Dark

The rapidly approaching battle between Dark and Light threatens to destroy mankind in this action-packed new series from New York Times bestselling author L.A. Banks. Celeste Jackson never had much hope for the future and certainly never imagined that she would be living in an abandoned warehouse in Philadelphia with her magnificent protector Azrael, the angel of death, and a fierce battalion of warrior angels. But although her powers have bestowed the angels with the freedom to return to the Light or stay within the mortal realm, they need her more than ever. Celeste is one of the few remaining half-human, half-angel Remnant, with a unique ability to locate others of her kind. The search leads Azrael and his celestial brothers to Egypt to recover a powerful relic that can raise an army of bloodthirsty fallen if it falls into the wrong hands. It is a relic the dark angel Asmodeus will do anything to possess and his quest puts Celeste in mortal danger. Soon Azrael faces an impossible decision: Can he surrender the woman who has become his salvation . . . or will he save her and allow all of humanity to perish?

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
