

The Beast at the Gate (Rayna of Nightwind) (Rayna of Nightwind Series)

Following a bizarre lightning storm, a young college student named Rayna Powell finds herself alone in a desolate, red wasteland zone called the Band. In making her way out, she realizes the Band was only the beginning of her ordeal. Trapped in a strange land where danger and death lurk behind every corner, Rayna sees magic everywhere--the very watch she wears now glows with unknown energies. She is a student of science and logic. Yet, what she witnesses in this place defies them both. Reluctantly joining forces with a mysterious woman with a bounty on her head, they struggle to survive and avoid detection from Nephredoms minions. Rayna finds herself caught in the middle of political strife and faction wars, as she comes to terms with the chaotic power growing inside of her. It is a magic so fierce, that the inhabitants of Taren call her a Power, the greatest and rarest kind of mage. Though she does not yet know it, Rayna is the only one who can prevent Tarens destruction. Rayna must find a way to control her magic and use it well if she is to survive whats to come. Accompanying Rayna on her reluctant quest is Arstinax--a tall, strong warrior who is as gentle with her as he is fierce in battle. In spite of herself, Rayna falls in love with him, which makes the adventures they share together all the more thrilling...and the stakes couldnt be higher!

Hansen Family Farm Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
