

Tehran Blues: Youth Culture in Iran

More than two decades after their parents rose up against the Shahs excesses, increasing numbers of young Iranians are risking jail at the hands of religious paramilitaries roughly their own age, for things their counterparts in the West take for granted: wearing makeup, slow dancing at parties, holding hands with members of the opposite sex. Every day anxious parents queue at courthouses to bail out sons and daughters who have been detained for moral crimes. Kaveh Basmenji, who spent his own youth amidst the turbulence of the Islamic Revolution, argues that Iran's youth are in near-open revolt for want of greater freedoms, in furious defiance of the mullahs and their brand of sombre religiosity. Through candid interviews with young people, and in a careful assessment of Iran today (including a special chapter on the implications of the recent election to the presidency of hardliner Mahmoud Ahmadinejad), Basmenji gets to the heart of the matter: What do Iran's youth want, and how far are their elders prepared to go to accommodate them? A detailed insiders view of Iran's recent history and its impact on the new generation that is both entertaining and thought provoking. *Jordan Times* Fascinating and highly readable ... with his vivid style and eye for detail, [Basmenji] takes the reader right inside Iranian society. *Saudi Gazette* An accurate account of Iranian society, history and culture...easy to read, and full of enlightening commentaries on personalities, events and trends. *Middle East Journal*

Hansen Family Farm
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
