

Southern Spirits: Four Hundred Years of Drinking in the American South, with Recipes

A captivating narrative history that traces liquor, beer, and wine drinking in the American South, including 40 cocktail recipes. Ask almost anyone to name a uniquely Southern drink, and bourbon and mint juleps--perhaps moonshine--are about the only beverages that come up. But what about rye whiskey, Madeira wine, and fine imported Cognac? Or peach brandy, applejack, and lager beer? At various times in the past, these drinks were as likely to be found at the Southern bar as barrel-aged bourbon and raw corn likker. The image of genteel planters in white suits sipping mint juleps on the veranda is a myth that never was--the true picture is far more complex and fascinating. Southern Spirits is the first book to tell the full story of liquor, beer, and wine in the American South. This story is deeply intertwined with the region, from the period when British colonists found themselves stranded in a new world without their native beer, to the 21st century, when classic spirits and cocktails of the pre-Prohibition South have come back into vogue. Along the way, the book challenges the stereotypes of Southern drinking culture, including the ubiquity of bourbon and the geographic definition of the South itself, and reveals how that culture has shaped the South and America as a whole.

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
