

Immigrant Women in the Settlement of Missouri (MISSOURI HERITAGE READERS)

Robyn Burnett and Ken Luebbering first looked at how immigration has affected Missouri's cultural landscape in their popular book *German Settlement in Missouri: New Land, Old Ways*. Now they tell the stories of women from all across Europe who left the Old World for Missouri. Drawing heavily on the women's own stories, *Immigrant Women in the Settlement of Missouri* illustrates common elements of their lives without minimizing the diversity and complexity of each individual's experience. The book begins with descriptions culled from diaries, letters, and memoirs documenting preparations for the journey, the perilous Atlantic crossing, and the sometimes equally long and arduous trip from the port of entry to Missouri. Burnett and Luebbering go on to examine how women, once in Missouri, coped with the problems of daily life in an unfamiliar and occasionally hostile environment. Whether it was the hardships of the frontier, the harsh realities of urban life, childbirth, the deaths of family members, isolation, or prejudice, their new lives brought numerous challenges. Many found success and contentment, as well, and the book also documents their joys and triumphs: physical survival, economic prosperity, thriving families, friendships, and community celebrations. Because it examines the lives of women from many social classes and ethnic backgrounds, *Immigrant Women in the Settlement of Missouri* does much to explain the rich cultural diversity Missouri enjoys today. The photographs and narratives relating to Czech, French, German, Hungarian, Irish, Italian, and Polish life will remind descendants of immigrants that many customs and traditions they grew up practicing have roots in their home countries and will also promote understanding of the customs of other cultures. In addition to the ethnic and class

differences that affected these women's lives, the book also notes the impact of the various eras in which they lived, their education, the circumstances of their migrations, and their destinations across Missouri. With their engaging and straightforward narrative, Burnett and Luebbering take the reader chronologically through the history of the state from the colonial period to the Civil War and industrialization. Like all Missouri Heritage Readers, this one is presented in an accessible format with abundant illustrations, and it is sure to please both general readers and those engaged in immigrant and women's studies.

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition

we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
