

## The Crusades: A History

Jonathan Riley-Smith here provides a comprehensive history of the Crusades: an account of the theology of violence behind the Crusades, the major Crusades, the experience of crusading, and the crusaders themselves. With a wealth of fascinating detail, Riley-Smith brings to life these stirring expeditions to the Holy Land and the politics and personalities behind them. His book will be the standard and authoritative account of the Crusades for years to come. This new edition includes revisions throughout as well as a new Preface and Afterword in which Jonathan Riley-Smith surveys recent developments in the field and examines responses to the Crusades in different periods, from the Romantics to the Islamic world today. From reviews of the first edition: Everything is here: the crusades to the Holy Land, and against the Albigensians, the Moors, the pagans in Eastern Europe, the Turks, and the enemies of the popes. Riley-Smith writes a beautiful, lucid prose, . . . [and his book] is packed with facts and action. 2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
