

## The Story of Ancient Egypt

If we were asked to name the most interesting country in the world, I suppose that most people would say Palestine not because there is anything so very wonderful in the land itself, but because of all the great things that have happened there, and above all because of its having been the home of our Lord. But after Palestine, I think that Egypt would come next. For one thing, it is linked very closely to Palestine by all those beautiful stories of the Old Testament, which tell us of Joseph, the slave-boy who became Viceroy of Egypt; of Moses, the Hebrew child who became a Prince of Pharaohs household; and of the wonderful exodus of the Children of Israel. But besides that, it is a land which has a most strange and wonderful story of its own. No other country has so long a history of great Kings, and wise men, and brave soldiers; and in no other country can you see anything to compare with the great buildings, some of them most beautiful, all of them most wonderful, of which Egypt has so many. We have some old and interesting buildings in this country, and people go far to see cathedrals and castles that are perhaps five or six hundred years old, or even more; but in Egypt, buildings of that age are looked upon as almost new, and nobody pays very much attention to them. For the great temples and tombs of Egypt were, many of them, hundreds of years old before the story of our Bible, properly speaking, begins

Hansen Family Farm  
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local,

fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
