

## Hot Off the Press

Words hold the power to hurt as well as heal, and choosing them is a complicated and delicate process. No one knows this better than the men who work with them every day. Authors, reporters, reviewers, and publishers struggle to balance truth, art, long hours, and stressful jobs. Whether they're trying to write a novel or advance a career, it can leave little time for love. The men in this anthology are seeking romance on and off the job, in print and online, against backdrops of fact, fiction, and even fantasy. Their tales are different but have one thing in common?there's a happy ending waiting on the last page. Role Model by Becky Black Perfect Bound by Jack Byrne Authors Note by Kim Dias Compulsion by Emma Jane McAvoy Made by Dawn Kimberly Johnson The Geometry of the Circle by Rhidian Brenig Jones The Fully Lit Review by Elle Katie Lune On the Shelf by Eliza Maszar Imp by Emily Moreton Love in the Time of Magics by Fil Preis Jester Hinkel and the Thrust of Destiny by Madeleine Ribbon A Perfect Ending by Anne Robins Secret of the Specter by S.S. Hansen Family Farm  
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull

day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
