

## Introducing the New Sexuality Studies: 2nd Edition

Breaking new ground, both substantively and stylistically, *Introducing the New Sexuality Studies, Second Edition* offers students and academics an engaging, thought-provoking introduction and overview of the social study of sexualities. Its central premise is to explore the social construction of sexuality, the role of social differences such as race or nationality in creating sexual variation, and the ways sex is entangled in relations of power and inequality. Through this approach the field of sexuality is considered in multicultural, global, and comparative terms, and from a truly social perspective. The second edition of this definitive textbook consists of over seventy-five short, original essays on the key topics and themes in sexuality studies. It also includes interviews with fourteen leading scholars in the field, which convey some of the most innovative work currently being undertaken. Each contribution is original, presenting the latest thinking and research in clear and accessible terms, using engaging examples to illustrate key points. This topical and timely volume will be an invaluable resource to all those with an interest in sexuality studies, gender studies and LGBTQ studies.

Hansen Family Farm  
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning

rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
