

Master Your World: 10 Dog-Inspired Leadership Lessons to Improve Productivity, Profits and Communication

Master Your World is a concise, engaging book on business management, people management, and of course, a bit of dog management. Funny, serious, and thoughtful, Kelly's book can change how you interact with the people around you. The ten inspired lessons are designed to simplify the role of leading people, even during difficult times, and in any business organization. The book starts with the top three golden rules: Reward Good Behavior, Do Not Reward Bad Behavior, and Be Consistent. Dr. Kelly emphasizes what every manager should know: You get the behavior that you reward. The next seven lessons are how to communicate, enforce, and maintain the first three lessons while building morale, improving productivity, and ultimately, increasing the bottom line. One of the major strengths of the book is Kelly's writing. She keeps readers interested with true stories, real-life situations, and pragmatic solutions to the daily challenges managers and leaders face in today's evolving workplace. Kelly's techniques were refined during her 21 years as an officer in the U.S. Navy, but Master Your World is clearly not a military book. It is humorous, entertaining, and inspirational. Every aspiring CEO can learn something from this book. This book is highly recommended for new supervisors, seasoned managers, and senior leadership who could benefit from a refresher on how to engage their teams. Her points make busy people think, and make thoughtful people smile and think again.

Hansen Family Farm
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
