

Napoleons Swiss Troops (Men-at-Arms)

Ever since the 15th century Switzerland had been exporting professional soldiers to serve as mercenaries for foreign monarchies. Napoleon, therefore, was not the first to make full use of the martial qualities of the Swiss and obtained Swiss agreement to expand the recruitment of regiments for service in the French Army. Napoleon would use Swiss troops on the battlefields of Italy and Spain, and in 1812 re-organize the four original regiments into a single division for the invasion of Russia, with each regiment having three full-strength battalions. In November of 1812, meeting up with Napoleons main force retreating from Moscow at the Berezina River, the Swiss on the west bank guarded the approaches to the pontoon bridges from the Russian attack to the south. Just 1,200 Swiss out of the approximately 8,000 that entered Russia were left to face, along with 8,000 other remnants of other units, the 30,000-strong Russian army. The Swiss held their ground and when their ammunition ran out they charged the Russians with bayonets. This book reveals the proud combat history of the Swiss troops of Napoleons army as well as the colourful uniforms they wore.

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull

day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
