

Nowhere Near Respectable (Center Point Platinum Romance)

Mary Jo Putneys riveting Lost Lords series unleashes a high stakes royal plot--which may prove easier for Damian Mackenzie to handle than his own unruly desire. . .Hes a bastard and a gambler and societys favorite reprobate. But to Lady Kiri Lawford hes a hero--braver than the smugglers he rescues her from, more honorable than any lord shes ever met, and far more attractive than any man has a right to be. How can she not fall in love. . .?But Damian Mackenzie has secrets that leave no room in his life for courting high-born young ladies--especially not the sister of one of his oldest friends. Yet when Kiris quick thinking reveals a deadly threat to Englands crown, Damian learns that she is nowhere near as prim and respectable as he first assumed. . .and the lady is far more alluring than any man can resist. . . Praise for Loving a Lost LordIntoxicating, romantic and utterly ravishing. . . --Eloisa JamesEntrancing characters and a superb plotline. . . --Publishers Weekly, starred reviewWill leave readers smiling, breathless, and anxiously awaiting the next adventure. . . --Library Journal, starred reviewRomance at its best! --Julia Quinn

Hansen Family Farm Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
