

## Red Brotherhood at War: Vietnam, Cambodia and Laos Since 1975

This fully updated edition of Red Brotherhood at War the most comprehensive account of events since 1975 in Indochina explains why communist victory did not usher in a period of peace based on proletarian internationalism. While victorious revolutionaries in Vietnam and Laos strengthened their special relationship, Vietnams relations with fraternal Cambodia and China deteriorated into full-scale war. The Vietnamese overthrow of Pol Pots regime in 1979 was condemned by the West, which joined with China to support the Khmer Rouge-dominated anti-Vietnamese resistance in Cambodia. An inter-communist war thus became one of the focal points of the New Cold War in the 1980s. This complex and paradoxical tangle of events is skilfully analysed by Evans and Rowley in their frank and lively book. Drawing on a wide range of sources and first-hand research, this new edition has been thoroughly revised to chart the interaction between Vietnam, Cambodia and Laos and the changing configuration of regional and great-power politics up to the present day.

### Hansen Family Farm Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
