

Seventh Crossing

Jess Jamesons life changes significantly when he receives a distress call from his childhood buddy informing him that an old friend may be in need of legal counsel. Jess learns that the friend is his former high school sweetheart, Lacey Monroe. She was found next to the body of her husband and may be a suspect in his brutal murder. Without hesitation Jess packs a bag and informs his wife that he will be out of town indefinitely. He reminisces about his life and the girl he left behind on the trip to Kings Crossing. He encounters a cantankerous Lacey who makes it perfectly clear that she wants nothing to do with him. His heart skipped a beat when he first saw her and he is determined to win her trust. Nothing is easy with her but he convinces her to let him help her, and in doing so enters into her world which has been one of secrets and lies, and denial for the last two decades. One such secret is life altering. He believes that Lacey is innocent and that a killer is lurking amongst the colourful characters that inhabit her domain. As unresolved feelings come to the surface there is no going back for either of them. Jess vows to keep her safe as she may be next on the assassins list. He will risk his life for her as it is the only way he can save himself.

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
