

Spartan Band: Burnetts 13th Texas Cavalry in the Civil War (War and the Southwest Series)

In *Spartan Band* (coined from a chaplains eulogistic poem) author Thomas Reid traces the Civil War history of the 13th Texas Cavalry, a unit drawn from eleven counties in East Texas. The cavalry regiment organized in the spring of 1862 but was ordered to dismount once in Arkansas. The regiment gradually evolved into a tough, well-trained unit during action at Lake Providence, Fort De Russy, Mansfield, Pleasant Hill, and Jenkins Ferry, as part of Maj. Gen. John G. Walkers Texas division in the Trans-Mississippi Department. Reid researched letters, documents, and diaries gleaned from more than one hundred descendants of the soldiers, answering many questions relating to their experiences and final resting places. He also includes detailed information on battle casualty figures, equipment issued to each company, slave ownership, wealth of officers, deaths due to disease, and the effects of conscription on the regiments composition. The hard-marching, hard-fighting soldiers of the 13th Texas Cavalry helped make Walkers Greyhound Division famous, and their story comes to life through Thomas Reids exhaustive research and entertaining writing style. This book should serve as a model for Civil War regimental histories. Terry L. Jones, author of *Lees Tigers*

Hansen Family Farm
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
