

Tactics and the Experience of Battle in the Age of Napoleon

What was it like to be a soldier on a Napoleonic battlefield? What happened when cavalry regiments charged directly at one another? What did the generals do during battle? Drawing on memoirs, diaries and letters of the time, this book explores what actually happened in battle and how the participants' feelings and reactions influenced the outcome. Rory Muir focuses on the dynamics of combat in the age of Napoleon, enhancing his analysis with accounts of those who were there - the frightened foot soldier, the general in command, the young cavalry officer whose boils made it impossible to ride, and the smartly dressed aide-de-camp, tripped up by his voluminous pantaloons. This book sheds light on how military tactics worked by concentrating on the experience of soldiers in the firing line instead of the abstractions of drill manuals. Muir considers the interaction of artillery, infantry and cavalry; the role of the general, subordinate commanders, staff officers and aides; morale, esprit de corps and the role of regimental officers; soldiers' attitudes towards death and feelings about the enemy; the plight of the wounded; the difficulty of surrendering; and how victories were finally decided. He discusses the mechanics of musketry, artillery and cavalry charges and shows how they influenced the morale, discipline and resolution of the opposing armies.

Hansen Family Farm Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
