

The Abu Ghraib Investigations: The Official Independent Panel and Pentagon Reports on the Shocking Prisoner Abuse in Iraq

In the fall of 2003, Iraqi prisoners were beaten, stripped naked, confined in small spaces, tortured, sexually humiliated, and abused by U.S. personnel at Abu Ghraib, a sprawling prison complex near Baghdad. The abuse was kept hidden by the U.S. military until photographs of the victims and their smiling tormentors were released to a stunned American public. Several investigations into the scandal were launched. Their assessment of the brutality and purposeless sadism at Abu Ghraib is shocking. The Abu Ghraib Investigations reveals the awful truth about what happened at Abu Ghraib, who is responsible, and what can be done about it. It includes:

- A lead essay by Craig R. Whitney of the New York Times, putting the scandal in historical and political context
- Excerpts from the official Abu Ghraib Report, commissioned by Donald Rumsfeld, analyzing the events leading up to the abuses and their consequences
- Excerpts from the Jones/Fay Investigation, commissioned by the Pentagon, detailing specific abuses in graphic detail
- Photographs that led to the investigations of the abuses
- Key documents, including official military interrogation policies and the infamous Presidential memo of February 7, 2002

Hansen Family Farm
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
