

## The Negative Calorie Diet: Lose Up to 10 Pounds in 10 Days with 10 All You Can Eat Foods

The #1 New York Times bestselling author, chef, and healthy living expert Rocco DiSpirito returns with a revolutionary whole foods-based diet plan and cookbook featuring more than seventy-five delicious recipes and 100 color photographs. In The Negative Calorie Diet, Rocco DiSpirito shares how simple it is to eat wholesome, delicious foods that naturally support weight loss. He calls these foods negative calorie foods that help you to burn body fat, lose weight, and boost your metabolism. These whole foods are packed with fiber, so not only do you tend to eat smaller portions of them naturally, but you also stay fuller, longer. These nutritious superfoods offer the essential vitamins and minerals the body needs to keep your metabolism running efficiently. Some even offer what is known as a thermogenic effect, effectively boosting your metabolism to increase the rate at which your body burns energy. And you can eat as much of them as you want! Rocco begins with a ten-day cleanse designed to kick-start weight loss and detox the body, preparing it to reap the benefits of a nutrient-rich, whole foods diet. Next comes the twenty-day meal plan, with step-by-step guidance to help you achieve maximum results. To make it easy, Rocco gives you more than seventy-five recipes for meals, snacks, smoothies, and desserts that use his Top 10 Negative Calorie Foods: almonds, apples, berries, celery, citrus fruits, cruciferous vegetables (such as cauliflower and Brussels sprouts), cucumbers, leafy greens (including Swiss chard, spinach, and kale), mushrooms, and nightshade vegetables, including peppers, tomatoes, eggplant, and more. Complete with grocery shopping lists, troubleshooting FAQs, a guide to dining out, and advice for adapting the plan for kids and families as well as vegetarian, gluten-free, and low-sugar lifestyles, The Negative Calorie Diet helps you build

healthy habits to lose weight and achieve better health for a lifetime.

#### Hansen Family Farm

##### Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition

we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
