

# The Teabo Manuscript: Maya Christian Copybooks, Chilam Balams, and Native Text Production in Yucatan

Among the surviving documents from the colonial period in Mexico are rare Maya-authored manuscript compilations of Christian texts, translated and adapted into the Maya language and worldview, which were used to evangelize the local population. The Morely Manuscript is well known to scholars, and now The Teabo Manuscript introduces an additional example of what Mark Z. Christensen terms a Maya Christian copybook. Recently discovered in the archives of Brigham Young University, the Teabo Manuscript represents a Yucatecan Maya recounting of various aspects of Christian doctrine, including the creation of the world, the Fall of Adam and Eve, and the genealogy of Christ. The Teabo Manuscript presents the first English translation and analysis of this late colonial Maya-language document, a facsimile and transcription of which are also included in the book. Working through the manuscript section by section, Christensen makes a strong case for its native authorship, as well as its connections with other European and Maya religious texts, including the Morely Manuscript and the Books of Chilam Balam. He uses the Teabo Manuscript as a platform to explore various topics, such as the evangelization of the Maya, their literary compositions, and the aspects of Christianity that they deemed important enough to write about and preserve. This pioneering research offers important new insights into how the Maya negotiated their precontact intellectual traditions within a Spanish and Catholic colonial world.

Hansen Family Farm  
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every

year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
