

The Way Out: The Road, The Sky, The Love, The Journey

Life has been a great adventure for Rick Elkins. A former US Navy fighter pilot during World War II, an airline pilot, and a consummate biker, he has never been afraid of taking risks. But though his mind is still sharp, his eighty-three-year-old body is not. Unless he proceeds with a risky surgery, heart failure awaits him. Rick decides against the surgery, wanting his remaining time on Earth free of doctors and hospitals. But nearing the end triggers a time of sober reflection, and in his mind he travels back to the end of World War II, when he started his career as a pilot. It was then that he developed a love for motorcycles-and for Angie Mertz, a beautiful stewardess who later becomes his wife. Tragedy struck after only a year of marriage, however, when an auto accident claimed Angies life. Rick, distraught, took an extended leave from his job and took his Harley-Davidson motorcycle on a long road trip to California, where he met Annette, a fellow biker. Their on-and-off affair-and the events that followed-would alter Ricks world in a way he never expected. Now that Rick is old, alone, and unable to do the things he loves, hes ready to bow out gracefully. But then someone comes into his life that just might change his way of thinking about the way out.

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
