

What is She Like: Lesbian Identities from the 1950s to the 1990s (Gender Studies: Bloomsbury Academic Collections)

In *What Is She Like?* Rosa Ainley looks in depth at how lesbians see themselves and at the questions of identity that have defined and divided the lesbian community. Covering the period from the 1950s, with its repressive influence on sexuality in general, through so-called sexual liberation in the 1960s, to the freedoms and limitations of (lesbian) feminism in the 1970s, she brings exciting and illuminating perspectives to bear on lesbian lives in the 1990s, when lipstick lesbians were the darlings of the mainstream media. Ainley deconstructs the bizarre popular myths and stereotypes which often surround the twilight world of lesbianism, substituting for them a celebration of the multifarious nature of the lesbian subculture which evolved during the late 20th century. In a series of fascinating interviews interspersed with the text, over 20 women, of varying ages, races and backgrounds, talk frankly about their lives and lifestyles as lesbians, focusing on their own identity in terms of politics, leisure pursuits, fashion and affiliations.

Hansen Family Farm

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the “locavores”, food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Latest News....

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We

are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
