

When Loving You is a Crime (Bianca Marie) (Volume 1)

Meet the beauty Persia Benjamin, she is a 22 year old feisty free spirit. She lives her life without a care in the world & the only thing she loves is her family. Persia and her siblings are born hustlers; they know how to get it by any means necessary. Money isn't the motive for the Benjamin siblings, the thrill is. With more than enough money Persia continues to help her siblings out because of the excitement she receives from pulling off licks. When things start to get shaky, Persia questions if the excitement is worth her life. Brick is the man around the Chi, since his mentor Benny handed him the throne. With his arrogant and cocky nature Brick feels he is untouchable, until he gets touched. Brick is a firm believer in kill or be killed. He goes on a manhunt through the gutter streets of Chicago looking for his enemy only to end up finding Persia. With both Brick and Persia offering different things will they be able to find love? Or will everything end in a double homicide? They say love is supposed to be a beautiful thing but what happens When Loving a person becomes a crime?

Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms,

open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
