

Wolf of the West

In the hour of the wolf, the dark moon rises and the night comes alive. Eire is a land of gold and bronze, bought with fire and blood. Yet for thirty years, there has been peace in the name of the High King. Now, his quest for immortality has unleashed Crom Cruach, the bent one, Crooked King of the void. The faoladh, wolf-protectors of man, have sought to suppress those that would bring Crom Cruach into the world. It is Marcas, one of those wolves, who will confront darkness in the name of duty and beside him, Connor, prince of Connacht. Connor is a wounded warrior, marked with brightness to foil the dark mark that means Marcas must protect him. Yet the longer Marcas spends at Connor's side, the more he finds himself wanting Connor for his own, and from the moment Marcas shows himself to Connor as a man, not a wolf, the attraction between them is obvious. Connor wants just what Marcas wants, if only he can convince him of that in time, but the same question is before each of them, waiting to be answered. Which must they serve love or duty? For Marcas, the weight of his service may prove too much a deadly burden. For Connor, only son of a king, even victory may have its price in separation. In the end, it may not matter either way. The shadow is already moving.

Hansen Family Farm
Japanese Black Trifele

We are happy to provide quality fresh fruits, vegetables, Grass-fed and Finished Beef, Naturally & Humanely raised Pork, Pastured Chickens, and Cage Free Eggs to Clackamas County sustainably on our small acreage.

We strive to provide vegetables that grow well in our climate ensuring the best tasting local food available. We prefer to grow old-fashioned and rare varieties of vegetables believing that they are the best to offer but do also grow a very select, few varieties of hybrids, but they are counted on one hand! Much of what we grow, we save the seed of every year and re-offer it to members of the Seed Savers Exchange.

We thank all of you, the "locavores", food enthusiasts, market goers, and home chefs for making our goal of fresh, local, fruits and veggies sustainably a reality.

Phil and Christie Hansen

2015 is off to a great start! We are looking forward to what this year has to offer!

All our efforts are gearing up to get the growing season started...from ordering/starting/transplanting seeds, planning rotation crops for the fields, cleaning the greenhouses and field equipment, and clearing the fields! There is not a dull day here on the farm!

Planning for garden start varieties is in full swing also. This year we will be offering many of our favorite heirlooms, open-pollinated, and hybrid varieties that we have grown for the past 10+ years as well as many new-to-us varieties. We are diligent to not purchase, offer or grow GMO seeds or food.

Our mix of garden starts includes many different varieties of tomatoes, cucumbers, peppers, ground cherries, pumpkins, melons, flowers and other great things for your garden! Most, if not all, varieties are tried and true for our Pacific Northwest valley climate. Check out the Garden Start page for a printable list of varieties available. Or go directly to a specific list at our Tomato, Pepper, and Other garden start pages.

We grew over 100 heirloom/open-pollinated Pepper varieties and 125+ varieties of heirloom/open-pollinated Tomatoes in 2014! Not counting the numerous other garden necessities like heirloom flowers, cucumbers, summer and winter squash, herbs, and melons amongst other rare and hard to find vegetables! In 2015 we will continue with the tradition we've started and will be planting and growing almost all the varieties that have been started so that even if you don't buy a plant you have a chance to taste a range of different flavors!
